

Friends, pilots of the WGP#1 Water Jet World Series, round 2 - Vichy

Vichy Lake of Allier is heavily used by recreational user as rowing, sailing, wakeboarding and water skiing... It will therefore not be possible to test on Vichy Lake before the start of the event on Thursday, July 29, 2023.

For your preliminary tests, Mr François-Noël Bouillau offers us a site specially dedicated to PWC with a permanent racecourse, launching ramp, and many other facilities (snacking, RV spaces, workshop, mobile home rents...) at only 20 km from the race venue.

Spyjet base camp and François-Noël can offer you many adapted services such as:

- Receiving containers or crates
- Unpacking containers with forklift
- Parking lot for RV, trailer ...
- Tests on water
- Support transfer from the base camp to WGP#1 Vichy race pit.
- Assistance for container delivery
- Assistance for container departure

Do not hesitate to contact:

François-Noël Bouillau
